## SANTANA/DYLAN SUMMER TOUR

Yes it's true Santana will be on tour this summer with Bob Dylan and his band. There will also be opening acts to be announced later.

The closing of the shows has been evenly split between the two bands. Although the Santana set will not be the usual two and one half to three hour show, you will still get the innovative, soulful and sizzling Santana music!

## BAMMIE RESULTS

Thank you to all of you who mailed in your Bammie ballots. We did snag one award, **MUSICIAN OF THE YEAR** for Carlos.

childreach

Two years ago we reached out to you, our fans, asking you to think about sponsorship of a child who would otherwise have very limited opportunities. Carlos and Deborah Santana have sponsored children through Childreach organization for 11 years and were very encouraged by your response to help. Sponsorship of children is still desperately needed in a world where many communities have no running water, little food, and desperate conditions for children. If you are interested in more information on this international sponsorship program, please contact:

## SANTANA LIVE RECORDING

That live recording that so many of you have been asking for is finally going to become a reality. While the band was on tour in Central and South America in May, Polydor recorded the shows for both a live audio and video release. Carlos, Chester and Jim Gaines, the engineer, spent most of the month of June in the studio picking the best songs from the four shows and mixing and editing for the best possible performance. This will be a mix of standards, as well as previously unrecorded material. Look for it in the stores sometime in the fall.

Speaking of recording, there are two other projects in the works as well. Carlos and his brother Jorge have completed some preliminary tracks for a *brothers* album. This album will mark the recording debut of Carlos's nephew, Carlos Hernandez. It's a family thing!

*Live Forever*, the first release on Carlos's Guts and Grace label, is also set to be released sometime this fall. This is a compilation of songs from Jimi Hendrix, Marvin Gaye, Bob Marley, Stevie Ray Vaughan and John Coltrane. To quote Carlos from the liner notes; "*Live Forever* tells us what we already knew but longed to be reminded of one more time: Jimi Hendrix, Marvin Gaye, Bob Marley, Stevie Ray Vaughan, and John Coltrane were from us and of us, yet somehow beyond us. We were blessed by their presence and enriched by their spirits."

CBS/Sony will be releasing a box set from the SANTANA catalog. They are also hoping to release this sometime in the fall. We will keep you posted on all of these planned releases.

Recently released on Rhino Home Video is *Session Latina*. This was originally presented as a live show/cable broadcast with many artists in a benefit show for scholarships for Hispanic students.
